Attack On Republicans Opens By Air And Land

Nursing Sister's Amazing Escape

nursing sister, Miss Wheeler, of Bowen Road was trapped in the rear compartment of a taxi when it rolled over the edge of the Praya near the Star Ferry into the Harbour shortly after 5 o'clock last evening.

She was rescued by a Chinese crew member of a passing police launch who prempt'y dived into the water together with the driver of the taxi, Chan Chow of 47. First Street, Ground Floor. Together they got Miss Wheeler out of the car and into eight miles east of the city and of the presidential palace on the the Police launch where she re- there were two flurries of shoot- city's main street. "That's the mained in a semi-conscious condition until an ambulance took her to Queen Mary Hospital.

Eye witness accounts of the accident revealed that the driver had climbed out of the taxi to give the passenger her change and open the door for trict. her, when the vehicle suddenly rolled over the edge of the Praya.

At Queen Mary Hospital last night, Miss - Wheeler's condition was reported to be fairly good. It was added that she was suffering from the effects of immersion.

Wave Of Violence

Jerusalem, July 21. Denfening explosions shool the port of Haifa early today and one in the British security reportedly damaged Royal Air Force radar station as the Jewish underground carried into the second day a renewed wave of violence.

At least 25 Britons and Jews were injured in widespread flighting throughout the Holy Lard.

The first bombing was near the Stalla Maris Convent

the radar station. British tommies went int action against extremists, fight ing pitched battle over a wood ed area between the Convent and Carmel Avenue. Five undergound attackers were wound-'ed, one seriously. He was captured and reported'y confessed that he and 49 other underground, members intended

blow up the radar station. (The Exchange Telegraph reported the radar station suffered only damage to minor equipment).

The violence apparently was inspired by the interception of the steamer President Garfie'd carrying 4,500 Jewish refugees and their departure, for internment camps at Cyprus. It was' first reported that the Garfield, the flurry of excitement which was returning to the French port from which it sailed but it when Dutch troops selzed Rewas learned early today that the publican communications and ship would proceed to Fama- buildings in a surprise move. gusta, Cyprus .- United Press. NEW SYSTEM OF FIRE ALARMS Network Of Public Emergency Posts For Colony

Efficiency Of H.K. Brigade

Hong Kong possesses one of the most modern and efficient fire brigades of any city east of Cairo. A thorough survey of its fire prevention equipment, personnel training, and five main stations, shows that the postwar standard of the Colony's fire service is higher by far than many cities which have had equivalent opportunities of rehabilitation.

Among future plans to lessen the fire risk in the Colony is a modern, public fire-alarm system comprising a network of 100 emergency posts to be placed at various spots in: Hong Kong and Kowloon. This new communications service will replace the prewar fire alarm system which was destroyed during the occupation. Two sets of fifty alarm boxes will be erected in the more densely populated and factory areas, both in Kowloon and Hong Kong, The public will be able to communicate with the nearest fire station by breaking the glass and pushing the knob.

Smith. Chief Officer of the Fire from 500 to 1,200 gallons af drills are carried out in all of Brigade, in the event of two or minute. As well as these fire more alarms being sent through | engines, two fire floats are in simultaneously from different commission for dealing with places (which is likely to hap-) fires on board ships in the Harpen in the case of a big fire) | bour. there would be no confusion. the Colony's stations and in ad. dition to carrying on their ordinary fire duties, the men are also employed in the Brigade's own workshops as carpenters, sail-makers and painters.

Dangerous Goods Storage

One angle of the Fire Brigade's work which receives a considerable amount of atten tion is the prevention of fires, In this connection, no less than 1.982 inspections of garages, theatres, factories, schools etc. have been carried out in the first six months of this year by qualified officers.

The storing of dangerous goods under wrong conditions is the main reason for these inspections. Three of the most dangerous are kerosene, petroi and Chemicals, and inspections are carried out either at the request of the Labour Officer or other Government Departmental staff. Visits to new schools are also made by the fire inspection branch at the request of the education office with a view to supervising the number: exits available, in the case of emergency.

Acute Tension In Rangoon

Murders Plunge Burma Into Confusion

Armed Troops Patrol The Streets

Rangoon, July 20. Tonight, 36 hours after the mass assassination of six key figures in the Burma Government, lorry-loads of troops with mounted machineguns are patrolling Rangoon and the police are combing the city for the killers.

The poice have arrested Thakin Ba Sein, a former Executive Council member and leader of the Dobama ("Burma for Burmans) Party, who with U Saw had opposed the agreement which seemed to have brought Burma to the threshhold of independence.

"JANE"

FOR HITLER Now Warns USA Against Russia

Ufling, July 20. Putzi Hanfstaengle, who played "Boola Boola" on the plano for Hitler but claims he was a secret agent and close friend of President Roosevelt, today warned the United States against Russia, as he once warned Hitler against Russia and later warned the United States against Hitler.

You must never under-estimate Russia," he said. "The examples of Napoleon and Hitler should

be enough. I warned Hitler against Russia, land, where he was arrested by In 1943, while working in Bush the British in September ,1939. Hill, Virginia, as a secret propaganda analyst for Roosevelt, Roosevelt brought him to Bush I warned him not to under- Hill from a Canadian prison estimate Hitler."

off Frankston in Port Phillip he was a 60-year-old writer, his secretary. Bay soon after lunch. Later art dealer, planist and - at

Sitting in his quiet, 'antique gambler," he continued.

Warned Hitler

He first met President Roosevelt in 1907 at a Groton School function. He said he got to know the Inte President well in 1911 over breakfast at the Harvard Club in New York Back in Munich in 1922, Putzi met Hitler, got to know him during the next ten years and i was foreign press chief for the Nazi Party from 1932 to 1934.

However, in 1932, he said, "John Franklin Carter was sent by Roosevelt to see me in Berlin. He asked me to collaborate with . the United States in the interests Dodd in Berlin,

. "I was able to warn Hitler against war. He listened, but he also listened to others. became very difficult to keep in touch with Ambassador Dodd. By Weather I still had vague hopes of pre-venting a catastrophe, but they were completely shattered in the death of Hindenburg, the only man Hitler feared."

SUSPENDED FILING SYSTEM QUICK REFERENCE NO LOST LETTERS NEAT & TIDY

The first thing to notice about this system is the instant and complete visibility of all the names or titles at a glance directly the drawer is opened.

The second, that the framework or cradle from which the folders are suspended drops straight into any ordinary quarto or foolscap filing drawer, so that its installation entails no scrapping of present filing cabinets and consequently n needless expense.

Thirdly, the top channels on which the titles are indexed do not encroach upon the filing space or reduce the capacity of the drawer for papers.

BRING THE True

"PRELIMINARY OPERATIONS" BEGIN IN JAVA

Midnight Swoop On Republican Offices

Hard Fighting Said Have Started

Dutch forces began "preliminary operations" against the Indonesian Republicans in Java at midnight tonight from all Dutch-held perimeters in Java, with a swoop on Republicanbuildings and suspected persons in prepara-tion for an outbreak of hostilities which some observers forecast for dawn tomorrow.

If fighting starts, the Dutch attacks would presumably be launched from all the Dutch-held perimeters with the main drive concentrating on the Republican National capital of Jogjakarta in the island's centre, some 300 miles from the Dutch base of Batavia.

other states of Indonesia."

RECORD EMPLOYMENT FIGURE REPORTED IN AMERICA

New York, July 21. The largest employment figure in history was reported this week, industrial production hummed at record pace, labour and management had reached working agreements on most fronts—business was good.

There was just one flaw in the picture, a flaw which many feared might spread like a cancerous growth. President. Harry S., Truman put it in words in his message vetoing the tax

A BRITISH CROSS WORD PUZZLE

STALIN'S OFFER

Loutidn, July 20. The diplomatic correspondent of the Sunday news, paper "The People" said to-day that Generalissimo Stalin had offered Britain 6,500,000 tons of grain, "which may well restore the European country and bring us relief by helping to release us from 'the dollar prip'."

The dispatch said . Stalin had been playing "a high-powered role" behind the diplomatic scene and a few days ago reversed a Molotov decision by instructing the Trade Minister, M. Mikoyan, to increase the latest Russian offer of 650,000 tans of grain over the next few years to ten times . that amount .--United Press.

Plan To Stimulate Irade

The Hague, July 20.
The Customs Union of Belgium; Holland and Luxemburg will present a plan to stimulate European trade by making the currencies of subscribing countries convertible into one another, in a memorandum to the Committee for European

Economic Cooperation. It is understood that the scheme was still under discussion in Brussels and The Hague, and that talks wi'l be resumed in Paris tomorrow.

The scheme would include a dollar fund to be established with the aid of the United States to cover possible deficits in the balance of payments; Customs . Union experts believe that by "internationalising" currencies, deficits in payment balances would largely cancel each other out and decrease the amount of do lars needed. Dollars drawn from the fund to cover a deficit would be used by the recipient country for purchases in the United States.

Some opposition was expected to come from Scandinavian countries which have shown reservations regarding extensions of multilateral trade.—Renter.

A moderate turnover was recorded during the day and indications point to a hardening of austations. H.K. Gavt. Lonna, 455, 1081/46, 23/4 % X INT. 1016.

Training Courses For Athletes

(By Lt.-Col. F.A.M. Webster)
Nothing will be more productive of Olympic success when the next celebration of the Games takes place in London next year than the efforts which have been made to provide firstclass athletic education in England.

1934, Britain's Amateur Athletic Association organised a Summer School Course in athletics at Loughborough College Playing Fields. in Leicestershire, and in the following year the most perfectly equipped and planned stadium in the United Kingdom was laid down. The Course lasted for three weeks:

Meanwhile there is great hope

Campbell's Speed Bid

Lake Coniston, July 20.
A slight breeze today delayed Britain's speed king, Sir Malcolm Camp-bell, in his second attempt on his own world motor-boat speed record of 141.74 miles per hour in his jet-propelled Blue Bird II.

After a five weeks' postponement of his attempt on the water record, Sir Malcolm, who arrived here last night, said: "I want to get this thing over as quickly as possible. It is still a question of trial and error. It may be that the modifications made since I was last here—the addltion of an underwater fin and a reduction in the size of the .rudder--will give the necessary stability, but I cannot say at the moment whether they will or
